

REGISTER AS A PARENT ON MYBOOSTER.COM

As a parent, you can go to MYBOOSTER.com and click the “SIGN UP” button.

1) Enter in your name, e-mail address, and create a password for your mybooster.com login and click “save and continue”.

REGISTER A STUDENT

1) Select the “Register A Student” button to register your student.

2) Search for your school by entering the name of your school in the search bar, or if you can’t find your school, enter the registration code 824-637.

3) Enter the student’s name and select student’s teacher

4) You have the option to enable Family Pledging (see more below)

5) Check the box next to “I Agree” when you are done reading and select “Save and Continue.”

6) Register any additional students (if applicable) by repeating steps 1 through 5.

FAMILY PLEDGING

Family Pledging makes it easy for sponsors to pledge each student in your family together, instead of separately. Family Pledging links all the pledge accounts of your students so that sponsors pledge everyone at once. If you register multiple students, and select family pledging for any student, they will all be linked. As a parent though, you will still be able to enter individual pledges for each student if you wish. You can turn family pledging **on** or **off** during registration or from any participant’s dashboard.

EDIT STUDENT PAGE

1) On the dashboard, you can personalize your student’s page! Select the edit button next to your student’s name.

2) Create an individual pledge goal. Remember, all per lap amounts are based on a 30-35 lap average because all students will run between 30-35 laps at the event.

3) PERSONALIZE the page by adding a fun message and a photo!

4) When you upload a photo, you can wow your friends and family members with a custom video starring your child! Sharing it by email, text, and social media is an easy way to ask for a pledge as well!

ENTERING A PLEDGE

1) From the participant’s dashboard, select the green “ENTER PLEDGE” button.

2) Enter the Sponsor information (that could mean you) and how much the sponsor plans to give, then click “Submit”

ASKING FOR PLEDGES

1) From the dashboard, select the blue “Share Donation Page” button to learn more about how you can use mybooster.com’s sharing tools to ask family and friends you know for pledges!

2) You can also view a phone script, create and share the “Student Star” video, use the Easy-Emailer, or share your Pledge Page via email, text, or social media if you look under the “How to Get Donations” tab.

CORPORATE MATCHING

1. Follow all "Entering a Pledge" steps from above.
2. Complete payment information and select submit.
3. AFTER submitting your pledge you will then be prompted to search for the business you wish to match your pledge.
4. Search for the business name to see if they support corporate matching.
5. If they do, the site will let you know and give you all the information you need to proceed with the matching process.
